## **Profile**

As a guitarist currently studying for my BA (Hons) in Popular Music Performance from the University of The Highlands & Islands I have a diverse range of performance related experience. I have played at weddings, corporate events, and have gigged extensively with original material. As such I am adept at handling pressured environments and am highly capable of working as part of a band unit. I hope to take my current experience forward to secure regular performance work where I can continue to develop my skills.

## **Experience**

Maltings Theatre, Berwick Upon Tweed

December 2015 – December 2015

### **Musician 2014**

In this role I was part of the Musical Theatre production 'Here Comes The Girls'. In this role I had to cope with learning a large set with very little notice as well as the pressure of rehearsal. I also had to liaise with both professional musicians and amateur performers, finding ways to communicate with both formally educated and non-formal performers.

Music For Scotland, Edinburgh

May 2012

### **Musician**

In this role I have played at weddings and corporate events throughout Scotland as part of a function band. As well as performing a diverse range of music to a high standard I am also expected to maintain professionalism throughout the gig as you are the focal point for clients for the evening. This job has taught me how to adapt to a stressful environment as well as communicate with event organisers and clients.

## **Education**
